Preconditions:	User is logged in as problem_user. User has at least one product in the cart. User is on the Checkout: Your Information page.
Steps to Reproduce:	1. Open the Checkout: Your Information page. 2. Enter "Jira" in the First Name field. 3. Click the Last Name field. 4. Enter any character, for example "S".
Actual Result:	When typing in the Last Name field, each entered character overwrites the value in the First Name field, leaving only the last entered character. The Last Name field remains empty.
Expected Result:	The entered characters should be displayed in the "Last Name" field without changing the "First Name" value.
Severity :	Critical
